

Practice Builder-AFO's

**Richie Brace®
Standard**
Your Cost: \$305.00

Potential Profit: \$866.20 ea.

The Richie Brace® is a custom AFO which contains a balanced functional foot orthotic attached to a semi-rigid ankle brace. It is designed to apply force both above and below the axis of rotation of the major joints of the foot and ankle (rearfoot complex). The Richie Brace® is designed to control foot and ankle movements in situations where traditional foot orthotics may fail.
